Dear Fellow Classmates and Guests,

Welcome to the five year reunion of Alton High School's Class of 1986. To some of us the time has flown by quickly and to others it seems like it has been forever since the hall monitor asked us for a pass. Some of us went to college and tortured ourselves longer with exams and essays. Others of us decided we had enough in our four years at AHS and went into the real world to live it up. Some of us are married and some of us have children now. Some of us are still swinging singles. Some of our classmates have passed on to a better life, but they are here tonight in our hearts. Regardless of where we have been since June of 1986, we are here tonight to greet old familiar faces and to meet new faces. We will learn of the exploits of fellow classmates and look at pictures of each others' children. Then, we will sit and marvel that we are getting so old.

Tonight will be like going back to high school - except there won't be any tardy bells or referrals. We will see our life-long friends and meet people from our class that maybe we never met while at AHS. We can reminisce about all the crazy things we did and thank God that we lived through it without getting caught. Best of all, we can share a social drink with our friends - for the first time, legally. Tonight is the night for us to remember it better than it actually was because that's what memories are for.

Someone I work with was surprised we were having a five year reunion. Her high school class did not feel it was necessary to get together after only five years. I told her our Class of 1986 was special. We could not wait to see each other again and catch up on each others' lives.

Enjoy the evening that our fantastic reunion committee has prepared for us. Drink, eat, and be merry, and remember our class motto: We know not what the future holds, but we know who holds the future.

*Enjoy an evening of enchantment,

Our philosophy on bank locations.

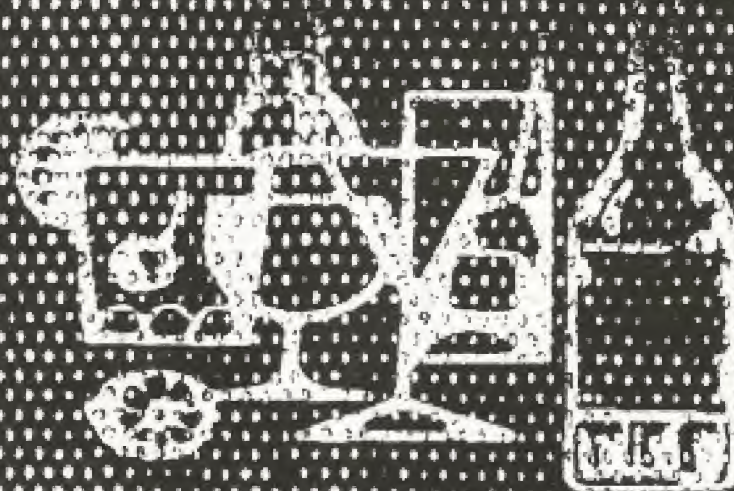

Admittedly, you won't find a Boatmen's Bank on every corner. Yet. But with over 50 locations in St. Louis alone, we're off to a great start. To witness a bank actually being run the way you'd run a bank, call or visit a Boatmen's location near you today. It can't be far.
